

Teton High School

Scholarship Bulletin

December 2022

General rule of thumb for seniors searching for scholarships.....

Check the websites of the schools you are applying to, or call their financial aid office or admissions office, and inquire about scholarships they may have available for incoming freshmen. Also, please note the majority of the scholarships in the Teton High School Scholarship Bulletin are outside scholarships, meaning you can use these scholarships at the school of your choice and are not college specific. It is not possible to list all scholarships offered by individual colleges and universities in the Scholarship Bulletin.

Due in December

The Science Ambassador Scholarship

A full-tuition scholarship for a woman in science, technology, engineering, or math. You must be a US citizen and plan to attend college this fall in the US. You must plan to major in a STEM field. Film a three-minute educational video of yourself explaining a STEM topic you're passionate about. You must be a high school senior or an undergraduate college student to apply. Your video should be:

- A mini-lecture, not a personal statement. Pretend you're a lecturer speaking to a class. Teach us something.
- Clear, creative, accurate, and a demonstration of your passion for the subject. We value novel, memorable approaches to topics. Your video doesn't need to be fancy or high-tech. Production value is not a factor.
- Three minutes or less in length.
- About any STEM topic, not necessarily your field of study. Pick a topic that excites and fascinates you. We don't need to hear about the latest thing in science news (unless that's your jam).
- Scientifically accurate. We encourage you to cite the sources used to research your topic. Ideally, this would be in a slide or frame at the end of your video.
- Uploaded to YouTube and marked 'public.'
