

Teton School District No. 401

CHARTER SCHOOLS

10020

Use of District Services and/or Facilities

A charter school may contract with the District to provide services or facilities to the charter school. The District will charge for the services or facilities at a rate which is stipulated in the contract.

If the charter school wishes to use a District facility, the parties will negotiate a contract which will, where applicable, include, but not be limited to, the following:

1. identification of the facility;
2. lease rate for the facility;
3. outlining of the permissible use;
4. provisions for joint inspection and notation of the initial condition of the building;
5. limitations of the permissible alterations of the facility;
6. allowance for District inspection of the facility;
7. determination of the operational costs to be paid by the parties, including, but not limited to, utilities, maintenance and custodial services;
8. determination of the manner in which the building must be restored to its original condition at the end of the leasing period;
9. provisions for alternative arrangements or termination of the charter school in the event the facility is damaged or destroyed.
10. provisions for the terms, conditions and coverage of property and liability insurance.
