

Extracurricular and Co-Curricular Participation Policy

Extracurricular or co-curricular activities are supplements to the regular instructional programs and afford students opportunities for enrichment. **However, participation in extracurricular and co-curricular activities is a privilege, not a right.** I.C. § 33-512(12). As representatives of their school and District, students participating in such activities are expected to meet high standards of behavior.

Philosophy

Extra-curricular activities and interscholastic athletics shall be integral parts of the total school educational program. The curriculum of each will develop learning outcomes of knowledge, skill and emotional patterns and will contribute to the development of better citizens. Emphasis will be upon teaching "through" athletics and activities in addition to teaching the "skills" associated with each.

Extra-curricular activities and interscholastic athletics shall be primarily for the benefit of secondary students, of both genders, who participate directly and vicariously in them.

It is the belief of the board members, administration, advisors, and coaching staffs of Teton County School District No. 401 that being a participant in an extra-curricular activity or on an athletic team and representing our schools is a privilege. By being a group or team member the participant assumes the responsibility of projecting an image that is positive, and reflects on the total student body. His or her actions, general health habits, behavior and sense of responsibility should be representative of the role of student leadership being undertaken.

The following aims and objectives of our extra-curricular activities and athletic programs will provide a vehicle for young men and young women to:

- a. Learn skills, rules and fundamentals of a given activity or sport that will provide an awareness for life-long activity and enjoyment.
- b. Learn more about themselves, i.e., how they react under pressure, how they can stretch and accomplish more than they may have realized if they are willing to pay the price, and where their limits are.
- c. Learn leadership, being part of a team and learn to cooperate to achieve a goal.
- d. Learn discipline, self control, and commitment.
- e. Be honest with themselves and others.

- f. Learn sportsmanship and respect for others.
- g. Gain sound health practices, general muscle motion control and physical development.

Accountability of Equipment

Uniforms and equipment will be checked in and out by the advisors or coaches of a particular activity or sport. Each piece of equipment will be marked so it can be accounted for by number as it is checked in and out. Students will then be held accountable for the specific piece or pieces checked out to them and will be responsible for the price of the replacement item if they do not return equipment checked out to them.

If the equipment is damaged or destroyed by negligence, then the student will be liable for the replacement of the equipment and will be assessed the cost of the replacement. An athlete may not participate in another sport program if equipment for which he/she is responsible is not returned or restitution made for the equipment at the conclusion of a prior sports season.

Eligibility Requirements for Extracurricular and Co-Curricular Participation

To be eligible to begin participation in extracurricular activities a student must have passed six out of eight classes the previous semester and have a 2.0 (GPA) grade point average for the last official grading period and not have any failing grades. Students under an individualized education plan (IEP) must meet the requirement set forth in the IEP. Student's progress reports and semester grades will be used as the official grading periods to determine eligibility.

If, at the end of an official grading period, a student does not have a 2.0 GPA or has an F, the following will occur.

1. The student will not be eligible to participate in travel, competition, performances, or functions of office for one week. The student will be allowed to continue to practice during this time. At the end of the week period, if a student raises their G.P.A. to meet the 2.0 requirement and does not have an F, they may petition an administrator to evaluate their grades. If the student's grades meet the G.P.A. standard and does not have an F, an administrator may deem the student eligible to resume participation in travel, competitions, performances, and function of office. If at the end of the week, the student's grades do not meet the eligibility requirement, the student will be ineligible for the following week, and the process will be repeated
2. A student who has been placed on the ineligible list will be required to submit a grade check that has been signed by each of the student's teachers, to the office every Tuesday for the remainder of the quarter to insure a 2.0 G.P.A. is maintained and no F's being earned. If the student's grades fall below the 2.0 standard or an F is being earned, an administrator will declare them ineligible for one week, and the process outlined above will begin again.

3. In the event that a student fails to complete the required grade check, the student will be deemed ineligible for that week.

Guidelines and Rules

1. The director, coach, or other adults involved in the district's interscholastic activities program must be qualified to direct such activity.
2. All interscholastic activities and competition should be scheduled as far in advance as possible and, except in extraordinary circumstances, not interfere with the regular school day.
3. All activities and competitions will conform to:
 - a. The Idaho High School Activities Association's rules and regulations;
 - b. This district's Activities Association's rules and regulations;
 - c. Local city ordinances and the laws of the State of Idaho; and
 - d. This district's policies.

Prior to the beginning of each season, the advisor or head coach and the principal/athletic director will determine guidelines and rules that will be printed and handed out to each participant at their first meeting. These will include but not be limited to: attendance at practices, dress standards, behavior on trips, care of equipment, physicals, insurance, lettering requirements, and training rules.

Lettering Requirements at Teton High School

A student must be a group or team member in either an active or supportive nature throughout the entirety of the season without infractions to be eligible to receive a letter or certificate. Exceptions may be made in case of illness, injury or if the student moves and his or her advisor or coach feels that the student deserves an award. Each participant should meet the following qualifications:

- a. Sportsmanship
- b. Attitude
- c. Cooperation
- d. Character
- e. Attendance at practice
- f. Participation in competition

After a student receives the initial "T" letter, he/she will then receive bars, emblems and/or a certificate indicating that he or she has lettered during a subsequent school year. Individual

plaques and medals will be given at the discretion of the advisor or coach to those participants who have made outstanding contributions throughout the season.

Extracurricular or Co-curricular activity Suspension

The Board believes that the safety and welfare of other students may be adversely affected when students who are involved in extracurricular or co-curricular activities commit major infractions or repeated minor infractions at school or during school activities, and/or are involved in criminal conduct or drug use in any location.

At the beginning of each semester, teachers or coaches of co-curricular courses will identify for students how participation in the co-curricular activity impacts their course grade. Co-curricular students who are suspended as a result of this policy will have the co-curricular course grade affected only if the reason for the suspension was related to course work or course expectations. Students who miss a co-curricular activity because of a suspension may ask to do, or be required to do, alternative assignments or special projects to make up the missed activity.

I. Activity Suspension as a Result of a School Suspension

A student will be immediately suspended from all extracurricular and co-curricular activities when he/she receives a suspension (not including an in-school detention) from school for any reason.

Consequences:

1. The activity suspension is automatic, is for the duration of the school suspension, and runs concurrent with the school suspension.
2. This type of activity suspension cannot be appealed.

II. Activity Suspension for Repeated Minor Infractions or a Major Infraction During an Activity

A student may be suspended from an extracurricular or co-curricular activity when he/she commits a third minor infraction, or a major infraction, while engaged in an extracurricular or co-curricular activity on any school premises or at any school-sponsored activity, regardless of location. The coach or advisor will recommend suspension to the Principal.

Consequences:

1. The incident will be reviewed pursuant to the Informal Hearing Process at Section V of this policy.
2. If the evidence supports the recommendation, the student may be given an activity suspension for a period of time up to and including the remainder of the season or duration of the activity in that scholastic year for that activity only.
3. If the activity suspension exceeds nine (9) school days, the parent/guardian may request an appeal as outlined in the Appeal Process at Section VI of this policy.

III. Activity Suspension for Criminal Conduct or Drug Use in Any Location During the Scholastic Year

A student may be suspended from extracurricular and co-curricular activities when he/she has been arrested or it reasonably appears to the District that he/she has violated criminal law, other than infractions or minor traffic violations; or has been involved with drug paraphernalia, controlled substances, or drugs, including alcohol or tobacco, **in any location, either on or off campus**, during the scholastic year, in any of the following ways: attempting to secure or purchase; using or having reasonable suspicion of having used; possession; intending or attempting to sell or distribute; selling or giving away; or being knowingly present when any of the above are used, possessed, or consumed.

Consequences:

A. Knowingly Present

1. First Violation: When a student violates the “knowingly present” prohibition of this policy for the first time during a scholastic year, the school resource officer (“SRO”), principal, or athletic director:
 - ✓ will hold a conference with the student;
 - ✓ will notify the student’s parent/guardian and the student of the violation;
 - ✓ may arrange a conference with the parent/guardian and the student; and
 - ✓ will inform the student and parent/guardian of consequences for future violations of the policy.
2. Second Violation: When a student violates this “knowingly present” prohibition of this policy for the second time during a scholastic year, he/she is subject to the consequences outlined below in part III.B “Other Violations” of the policy.

B. Other Violations

1. The incident will be reviewed pursuant to the Informal Hearing Process in Section V of this policy. If the evidence supports the accusation, the student may be suspended from all extracurricular and co-curricular events for a period of twenty-one (21) calendar days.
2. The suspension will be reduced to a fourteen (14) calendar day period if:
 - a. In the case of criminal conduct, the student receives counseling which has been approved by a school counselor.
 - b. In the case of drug, alcohol, or tobacco use, the student agrees to and completes
 - 1) A drug/alcohol/tobacco assessment provided by the school (no cost) or the community (the family incurs the cost); and/or
 - 2) Drug/alcohol/tobacco education group, provided or facilitated by the school, and/or the community.
3. If no event is scheduled during the period of the suspension, the student will be withheld from the next scheduled event.
4. If the student notifies school personnel (self-reports) concerning his/her criminal conduct or drug use prior to the personnel’s knowledge of the incident(s), the principal or athletic director may reduce the length of the activity suspension.
5. On the occasion of a subsequent infraction during a scholastic year, and if the evidence supports the accusation, the principal or athletic director will bar the

student from any form of extracurricular or co-curricular activity for the balance of the scholastic year.

6. All students who receive an activity suspension for criminal conduct or drug use shall be reported to the Superintendent or designee and, if applicable, to the appropriate law enforcement agency.
7. The parent/guardian may request an appeal as outlined in the Appeal Process at Section VII of this policy, with either a first or second offense.

IV. Infractions Which Occur in Out-of-School Trips

During an out-of-school trip, if the authorized person in charge of the activity determines that a student should be sent home early because of criminal conduct, drug use or a major infraction, the authorized person will notify the parent/guardian, and ask him/her to take charge of the return of the student. The parent/guardian will assume any expenses incurred for the return of the student.

V. Informal Hearing Process

Prior to giving an activity suspension to a student, the principal or athletic director shall grant the student an informal hearing on the reasons for the activity suspension and the opportunity to challenge those reasons unless an emergency activity suspension is necessary. If an emergency activity suspension is necessary, an informal hearing will be held as soon as possible after the emergency ceases to exist.

VI. Student travel to or from an extracurricular or co-curricular activity

Unless other travel arrangements are authorized, students will board the bus at the school designated as point of origin for the trip and will return to the point of origin in the bus. There will be no stops along the designated route to pick up or discharge students.

The only variation allowed in this regulation is the release of students to parents in a face-to-face situation at the close of the activity before buses begin the return trip. Such release will require a signed, dated note from the parent.

The activity must provide at least one instructor\coach\ or adult sponsor for each bus on a special trip. The bus driver will be responsible for the safe operation of the bus. The sponsor will be responsible for supervision of students and enforcement of bus rules. Any adult designated by the principal as a sponsor will have such authority.

Students must follow all school bus rules with this exception: Food and drink not in glass containers will be allowed on the bus with permission of the principal. However, any debris must be cleaned up at the end of the trip and before students leave the bus.

If a student causes a disruption or hazard on the bus, a hearing will be held with the principal, driver, instructor\coach\ or adult sponsor, parent/guardian and student. The driver, instructor\coach\ or adult sponsor, parent/guardian and the student will have the opportunity

to share with the principal their perceptions of the problem. If the principal finds that there has been an infraction of bus rules, he will take the following action:

1. On the first infraction, the student will be warned that following any further infraction he/she will be declared ineligible for transportation to the extracurricular or co-curricular activities for one event.
2. On the second infraction during a semester, the student will be declared ineligible for transportation to the extracurricular or co-curricular activity for two events.
3. On the third infraction during a semester, the student will be declared ineligible for transportation to the extracurricular or co-curricular activities for the remainder of the semester.

Based on the severity of the problem as it relates to respect and safety for others, the principal may bypass step #1 and/or step #2 above and immediately declare the student ineligible for transportation for two weeks or for the remainder of the semester.

VI. Appeal Process

1. This appeal process may be used by students and their parent/guardian only in those instances where an activity suspension or transportation to an extracurricular or co-curricular activities exceeds nine (9) school days.
2. The parent/guardian must request an appeal in writing within two (2) school days from the notification of the activity suspension decision.
3. The Superintendent will appoint a three-member panel composed of certificated staff members who have not been involved in the disciplinary action in question. The hearing panel will notify the student and the parent/guardian of the date, location, and time of the hearing; the student will have an opportunity to present additional evidence regarding the circumstances of the suspension or reasons to reduce the length thereof. The appeal must be scheduled within five (5) school days of the request.
4. If the panel determines that the evidence reviewed at the appeal supports the suspension, the suspension of the student from extracurricular and/or co-curricular activities shall be continued.
5. The student and the parent/guardian will be notified in writing of the panel's findings and determination with respect to the student suspension from extracurricular and/or co-curricular activities within two (2) school days of the panel's decision.
6. The panel's determination is final, and is not appealable to the Superintendent or Board of Trustees.

VII. Elementary Students

Students in kindergarten through sixth (K-6) grade who are in violation of this policy may have the length of the activity suspension reduced by the principal or other authorized administrator.
