

Use of School Property for Posting Notices

Non-school related organizations may ask the building principal permission:

1. To display posters in the area reserved for community posters; or
2. To have flyers distributed to students.

Posters and/or flyers subject to a request must be student oriented and have the sponsoring organization's name prominently displayed. Permission will be denied to post or distribute any material that would:

1. Disrupt the educational process;
2. Violate the rights of others;
3. Invade the privacy of others;
4. Infringe on a copyright; or
5. Be obscene, vulgar or indecent.

The advertising of commercial products or services is not permitted in school buildings or on school grounds or properties unless pre-approved by the building principal and the purpose is to further a school activity, such as graduation, class pictures or class rings. No information from any candidates for non-student elective offices shall be posted in the school, except on election day, or distributed to the students.

If permission is granted to distribute, the organization must arrange to have copies delivered to the school. Distribution of the material will be arranged by the administration.

This policy does not prevent advertising in student publications that are published by student organizations, subject to administrative control. Free commercially-sponsored teaching aids may be used if the content of the teaching aids is approved by the building principal.

Solicitation of sales or use of a school name or of this school district to promote any product is not permitted.
